

18) Hogenson Home - Home was built by Neils Hogenson around 1918. It was ordered from the Eatons catalogue and constructed on this lot.

19) Jacob Spengler Home - Built in the early 1900's. All that is left here is the home.

20) Henry Selk Home - Built in 1918 by Henry Selk. Extensive renovations have been done to this home and a garage has been added to the back. The property has been subdivided and no other features remain.

21) Christensen Home - Original home consisted of 2 rooms and was built in 1902 by A.L. Davis. This home was added to in 1924, 1942 and again in 1978. Renovations on this home revealed clay adobe bricks in the walls for insulation. This property has a garage(built 1920), outbuildings, fences, shelterbelts, a cistern, well and root cellar. Home is referred to as the Christensen Home as they resided there for 54 years from 1924 - 1978.

22) W.P. Barton Home - Original home built sometime before 1918. Home has been added to twice, in 1927 on the west and in 1993 on the north. Through renovations it was discovered that the walls were insulated with sawdust. Property still has outbuildings, fences, a cistern and shelterbelt. Referred to as the Barton Home as they resided there for 37 years from 1918 - 1955.

23) Joseph Seely Property - Built in 1916 by Charles Fawns. The garage was built a few years later. Prior to this home this was the site of the Seely Hotel and livery stable. This was the only hotel in the Village.
